

**PRESS RELEASE 84/14  
10 September 2014**

## **EFET facilitates the understanding of EU Regulations on the Italian wholesale energy market in a workshop under the patronage of the Ministry**

The European Federation of Energy Traders (EFET)<sup>1</sup>, under the patronage of the Italian Ministry of Economic Development, is organising a workshop on 15 September in Rome on the European Market Infrastructure Regulation (EMIR) and the EU Regulation on Wholesale Energy Market Integrity and Transparency (REMIT).

Through a discussion of the practical consequences of European financial and energy market regulation for Italian energy market participants, the EFET Task Force Italy will aim to provide an update on and enhance the understanding of the following key areas:

- Reporting under EMIR in Italy
- Future reporting obligations under REMIT
- Back-office practical implementation of EMIR
- Reporting best practices
- Risk mitigation techniques and practical advices.

We are delighted to welcome Carlo Calenda, Deputy-Minister of Economic Development in Italy, who will inaugurate the event. Representatives from Autorità per l'Energia Elettrica, il Gas ed il Sistema Idrico (AEEGSI), Commissione Nazionale per le Società e la Borsa (CONSOB), European Energy Exchange (EEX) and EFET will be speaking in the first half of the day concluding the presentations with a panel discussion.

The afternoon session will consist of a practical seminar targeting back-office departments, with interventions by ENOI, EDISON and Studio Legale Grimaldi.
